DECLARATION

As owner(s) of the above-described land, I (we) indicate by my (our) signature(s) below that I (we) are aware of the potential tax liability involved when the land ceases to be designated as forest land. (See item 10 on back.)

I (we) also declare under the penalties for false swearing that this application and any accompanying papers have been examined by me (us) and to the best of my (our) knowledge it is true, correct, and complete.

R.L. Doerfler Date 8-2

1. **Definition of Forest Land**-Forest land is land in Western Oregon which either is being held or used for the predominant purpose of growing and harvesting trees of a marketable species and has been designated as forest land (See item 2) or is land the highest and best use of which is the growing and harvesting of such trees.
2. **Designation of Forest Land**-Land shall be designated as forest land by the county assessor upon application of the owner if it meets the requirements of the law and is not Classified Reforestation Land or subject to the Small Tract Optional Tax Law.
3. **Requirements for Designation**-The basic requirements of the law are that the land be held or used predominantly for the purpose of growing and harvesting trees of a marketable species, and that grazing, recreation, or other types of use do not interfere with the growing and harvesting of the trees.

Department of Revenue Rules require the following:

(a) The land must also meet one of the following stocking requirements:

1. If the trees are being grown for logs, poles or piling, at least 90 established trees per acre of a marketable species in areas north of Douglas County, or 60 established trees of a marketable species per acre in areas south of Lane County; or
2. If the trees are being grown for Christmas trees or ornamentals, at least 1,000 trees of a marketable species per acre upon initial planting or 500 trees per acre in wild land culture; or
3. The owner must present to the assessor a plan for establishing trees which will meet one of the above minimum stocking requirements and in addition, the owner must have begun implementation of the plan at the time the application for designated forest land is filed.

4. **Application Deadline**-The law specifies that "an owner of land desiring that it be designated as forest land shall make application to the county assessor on or before April 1 following the assessment date on which the assessment based thereon is first desired, and he may also do so within 20 days of receipt of notice of its assessment as omitted property or notice of an increase in its assessed valuation, or by December 15 of the year of the increased assessment if he does not receive such notice."
5. **Approval of Application**-The application shall be approved by the assessor, and he shall designate the land as forest land, except as to land which he finds is not properly classifiable as forest land. The application shall be deemed to have been approved unless, within three months of the date such application was delivered to the assessor, he shall notify the applicant in writing of the extent to which the application is denied.
6. **Description of Land Applied For**-Land which is applied for may include a total ownership or a small portion of an ownership. If it is a portion of an ownership, make a drawing on the plat below to the best of your ability to show its location. Owners who have extensive holdings may submit maps which indicate the desired parcels, lists of legal descriptions, or lists of assessor's account numbers if the numbers and descriptions are current and include only land eligible for designation.
7. **Marketable Species of Trees**-Species of forest trees which are currently being harvested and used or sold within a particular locality. Consult the County Assessor or Department of Revenue district timber appraiser if you have question about species.
8. **Valuation of Forest Land**-Land designated as forest land will be valued at forest land value even though it has a higher market value for other purposes.
9. **Date of Acquisition**-If the property was acquired not more than five years ago, the exact date of acquisition of each portion must be listed. If it was acquired more than five years ago, that fact must be stated, but dates need not be listed.
10. **Removal of Designation**-If the designation of forest land is removed by the assessor, an amount of taxes equal to the difference between those actually paid and those which would have been paid at the higher market value, plus interest, will be extended against the land on the next assessment and tax roll. The difference in taxes will be figured for a back period of five years.
11. **Reasons For Removal of Designation**-(a) Upon notification by the owner to remove the designation. (b) When the assessor discovers that the land is no longer forest land. (c) Upon sale or transfer to a new owner who does not make a new application within 60 days of the sale or transfer. (d) Upon sale or transfer to an ownership making it exempt from ad valorem property taxation.
12. **Rights of Appeal**-A taxpayer whose application has been denied in whole or in part, or a taxpayer whose forest land has had the designation removed in whole or in part, may appeal as provided by ORS 306.520 to the Department of Revenue within six months after he knows of the above acts. A petition must be filed with the Department and two copies thereof with the county clerk.

RE: Account Number(s) - R39739  
Location - Frazer Rd. SE, Sublimity

Dear Property Owner(s):

All or part of your property, as identified above, is receiving special assessment status for forest use. Based upon my inspection on March 30, 2016 I have determined that 18.33 acres of this property do not currently meet the requirements necessary to receive special assessment. I observed harvested Small Tract forestland that was not replanted.

Only portions of the property actively engaged in forestry practices, with the primary purpose of growing and harvesting trees of a marketable species, qualify to be specially assessed. Enclosed are flyers that describe the requirements of the special assessment program, and an aerial map of your property. If you have any additional information about the recent history of use for this property, please provide it at this time.

It will be necessary to disqualify the non-compliant acres of your land from forest use special assessment for the 2016-2017 tax year, unless within **30 days** from the date of this letter you can show cause why this land should not be disqualified. You may appear in person, call (503) 588-7967, e-mail [sragdale@co.marion.or.us](mailto:sragdale@co.marion.or.us) or write a letter to the address above within this time period and we will consider your explanation as to why the subject property should remain specially assessed.

Respectfully,

Scot Ragsdale  
Rural Property Appraiser  
SR:ak
